INDEX ACTORUM

VOL. XXXV.

Pag.

ERIK FRISELL: A Comparison Between the Sedimentation Rates of Children in Day-Nurseries and Children Cared for in Their Homes 1

W. VAN ZEBEN: Infantile Cortical Hyperostoses 10

G. KLACKENBERG and S. VENDEL: Primary Hemolytic Anemia in Infants 21

ARNE NJÅ: Chronic, Non-familial Hemolytic Anemia in Infants 40

E. GEDDA: Des cas notés de troubles de conduite nerveux chez des élèves dans la période commençante d'un district scolaire de Göteborg 49

PER ANCHERSEN: Nosocomial Chickenpox. Some observations and attempts of prophylaxis 72

OLE WASZ-HÖCKERT: The Duration of Immunity after Vaccination with BCG 89

E. VAN WIJK: Rheumatic Pneumonia 108

BO VAHLQUIST: Studies on Diphtheria. I. The decrease of natural antitoxic immunity against diphtheria 117

BO VAHLQUIST, UNO MURRAY, and N. G. PERSSON: Studies on Diphtheria. II. Immunization against diphtheria in newborn babies and in infants 130

BO VAHLQUIST and GUNNAR HACKZELL. Studies on Diphtheria. III. The duration of immunity against diphtheria following vaccination as compared with that following clinical disease and carrier state 149

PH. SANDBLOM: Renal Thrombosis with Infarction in the Newborn. Two Different Forms 160

LEIF SALOMONSEN: Granulocytopenia in Children 189

HANS RAHBEK SØRENSEN: Investigations into the Connection between Antenatal Weight and Hydrocele testis in Infants 202

Pag.

GUNNAR BRANTE and LARS SÖDERHJELM: Choline in Plasma in Children, with a study of induced choline deficiency 207

GÖSTA TUNEVALL: Antistreptolysin Titre in School Children 218

——: Antistaphylolysin Titre in School Children 231

KJELL L. MÖLLER: The Initial Loss in Weight of Prematurely Born Infants and their Weight During the First Two Years of Life 236

ANDERS HAGSTRÖMER: Two Cases of Congenital Malformations after Exposure to Measles in Early Pregnancy of Already Immune Mothers 242

SIGVARD JORUP: Congenital Varices of the Esophagus 247

CORNELIA DE LANGE: Über Encephalitis postvaccinalis 281

S. URWITZ: Subcutaneous Administration of Amino Acids. 305

M. SCHACHTER: Considérations clinico-psychologiques et thérapeutiques à propos d'un cas d'hémophilie infantile 312

HJALMAR WERGELAND: Three Fatal Cases of Probable Familial Allergy to Human Milk 321

MAJ LEVANDER-LINDGREN: A Simple Micro-Method for Studying the Retraction of the Blood Clot 335

CHARLES MERIEUX: La percuti-réaction à la toxine diphtérique concentrée facilitera-t-elle l'épreuve de Schick? 347

STEN AXTRUP: Hypoprothrombinemia in Penicillin Treatment of Acute Infections in Infants 351

STURE HEDENSTEDT and BO VAHLQUIST: The erythrocyte turnover during the neonatal period. Experiments with elliptocyte transfusions to newborns 355

Case Reports:

S. URWITZ: A Case of Congenital Choledochus Cyst 168

SVEN BRECHLING: A Case of Congenital Cystic Lung in a Child, just under 2 Years old, treated with Pneumonectomy 172

GUNNAR ENGLESON: Toxoplasmosis in Children. With reference to one particular case 258

LARS-ERIK CARLGREN: Penicillin Treatment in Congenital Syphilis. Report of five cases 268

Pag.

L. Ström: A case of Sprue in the later childhood treated with folic acid 271

W. Bergman and O. Morales: A Rare Form of Congenital Heart Disease 364

Lars-Erik Carlgren: A Case of Vitamin D Resistent Rickets Treated with Massive Doses of Vitamin D_2 367

Book Review:

Helen B. Taussig: Congenital Malformations of the Heart (*Edgar Mannheimer*) 278

Proceedings of Pædiatric Societies:

Proceedings of the Swedish Pædiatric Society 177

A. Lüüs: The weight of new-born infants past and present 177

B. Hamne: A case of aortic stenosis and congenital dystrophia brevicollis 177

Marit Skatvedt: The functional development of children 178

Petter Karlberg and Johan Lind: A simple method of determining the basal metabolism of infants 179

Walter Keller: Studies of the rapidity with which food leaves the stomach of infants 180

G. Rodhe: Lactation in young women 180

P. Karlberg and L. Ström: Experiment with the Oximeter (according to Millikan's principle) 181

O. Axén and J. Lind: Angiocardiography of infants 181

G. Laurell: Airborne infections: the importance of oiled floors and textiles in childrens' hospitals with special attention to dangerous carriers 182

J. Henning Magnusson: Toxoplasmosis in Sweden. Two clinically-serologic diagnosed cases ... 183

Birgitta Werner: The protein-digesting enzymes. A comparison between Premature and Full-term infants 184

R. Zetterström: Investigation of phosphorus metabolism in young, D-avitaminotic rats by use of isotope technique 185

SUPPLEMENTA.

		Pag.
I.	The Proceedings of the Eighth Northern Pediatric Congress, Helsingfors June 27—June 29, 1946	1—293
II.	HANS-OLOF MOSSBERG: Obesity in Children. A clinical-prognostical investigation	1—122
III.	E. K. AHVENAINEN: On Changes in Dilatation and Signs of Aspiration in Fetal and Neonatal Lungs	1—125
IV.	RUTH WEGELIUS: On the Changes in the Peripheral Blood Picture of the Newborn Infant immediately after birth	1—107
V.	STEPHAN VENDEL: Cow's Milk Idiosyncrasy in Infants	1— 37
VI.	BIRGITTA WERNER: Peptic and Tryptic Capacity of the Digestive Glands in Newborns. A comparison between premature and full-term infants	1— 80
VII.	ELISABETH MAASIK: Über die Einwirkung der Kälte auf das periphere Blutbild des Säuglings. Experimentelle Untersuchungen	1—107
VIII.	EINO OTILA: Studies on the Cerebrospinal Fluid in Premature Infants	1—100
